BROCHURE DISPLAY SYSTEM®

Distributors/Resellers Stockists Wanted

Hi ,

It is with great pleasure that we at **ai** introduce you to the all-new **SILVERBACK** Brochure Display System™.

For nearly 50 years **ai** have designed and manufactured shop fittings, display equipment and point of purchase merchandising units. Over these 50 years the **SILVERBACK** brochure display system has **evolved** and been refined into the range we see today.

The key features are simplicity of design and adaptability, making the product versatile and economical to use. This product range has and will continue to **evolve** into new areas of display, giving an endless choice of variation and application. Manufactured from modern high quality material it combines strength, lightweight and resistance to damage.

We have also included a summary attachment with images of the range on offer.

To support our **SILVERBACK** range we have put together the following support package that includes-

- High resolution photos with detailed product information and description for each item
- Printable brochure for you to include your own company details on
- Discount for items you order and use in your showroom
- Web link to stockist support line
- Price List

I will be in contact shortly to clarify any additional points that you may have but in the meantime if you are interested in taking up this offer could you please contact me at your convenience.
